

Location

GPS Navigation enter "Heidelberg, Güteramtstrasse"

Heidelberg

Directions from North and West to Glycotope Biotechnology:
From Frankfurt airport take the highway towards Basel. At Darmstadt you leave this for the Stuttgart/Heidelberg highway to the right and cross-over to the left. At Heidelberg exit you go straight ahead, do not change directions. At your first traffic light (TL) you turn right, go to straight over a railroad bridge (Czerny-Brücke), 2 TLs. After the bridge you go left, Czernyring, 2 TLs. At the second TL you go right (Güteramtsstraße) and cross that road to the other side to enter into a little street where a American Car Dealer is located. That little street brings you to Glycotope Biotechnology, next corner left and then to the right is our gate (dead end, 200 meters away from your last TL).

Directions from the South to Glycotope Biotechnology:
Exit highway 5 at Heidelberg Süd/Schwetzingen. Go straight ahead into Heidelberg crossing under a railway bridge. There at the second and third TL (white HEIDELBERG building) to the left into Czernyring, next TL into Güteramtsstraße, next left, next corner left and then to the right is our gate (dead end, 200 meters away from your last TL).

Good Luck
